#### NOW IS THE TIME TO INVEST IN TOP QUALITY SHORTHORNS

With feed scarce in some sections and costly in all areas, what better decision could you make than to cull out two inferior cows and invest that money in one good female selected from the 43 females approved for sale in this, the official, state sale of the Kansas Shorthorn Breeders' Assn. Or, to look at it another way, have you ever wanted a real show stopper of a bull to head your herd? If so, when could you buy that bull with so few bushels of wheat, or what have you, as now?

Speaking of show stopper bulls, take a look at the 35 bulls the committee selected from a long list of nominees.

Let's face facts - cattle prices are down but if you are to remain in the cattle business, quality and weight for age are all important. These good cattle selected from 23 herds, each of which is one of the top herds of Kansas, offer you an insurance policy on your own cattle business.
